### Company Background

[Vision/ Mission](#)[Why Choose Us](#)[Board of Directors](#)

*“Develop a passion  
for learning.*

*If you do,  
you will never  
cease to grow.”*

Anthony J. D'Angelo

Origin Academy is a company made up of a group of Academicians that offers academic courses, management training, skilling, upskilling and reskilling services.

We also have our academy division to handle adults who wishes to continue their studying in the areas of Diploma, Degree and Master.

ORIGIN equipped with the knowledge of modern management principals completed with basic human values plus ORIGIN's distinctive training approach, the company trains many professionals from the manufacturing, corporate, public sectors and other related areas.

Our programmes are activity-based, practical and implementable immediately at workplace. All in-house programmes are custom-designed to suit the customers' needs and requirement.

Each programme is thoroughly researched and compiled by our professional trainers.

We have conducted training and consultancy session for various industries such as government agencies, banking, manufacturing, telecommunication, automotive, hospitality, as well as the army and police force.

Until today, ORIGIN has productively delivered revolutionary business solutions that have seen thousands of employees from hundreds of organizations have benefited from our practical, accurate and well-researched training programs.

## vision / mission

Vision/ Mission

Why Choose Us

Board of Directors

*“Develop a passion  
for learning.  
If you do,  
you will never  
cease to grow.”*

Anthony J. D’Angelo

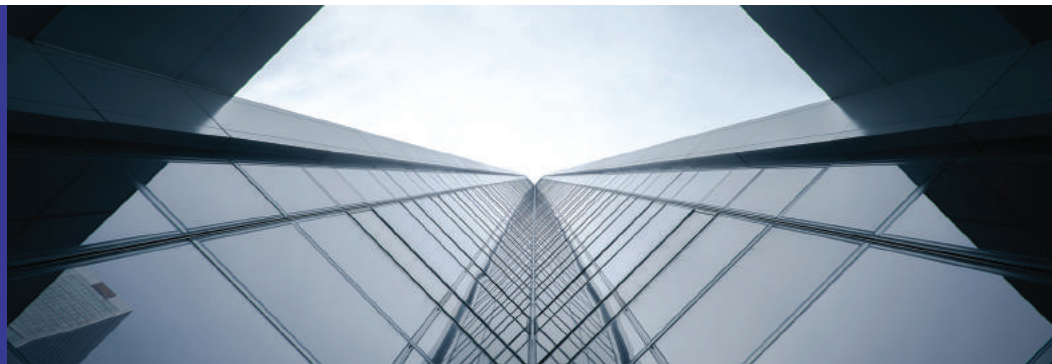

Our vision is to grow in the regional base as well in the international market of professional training.

Mission is to train the skilled and unskilled human capital who would be the school leavers, non-executive level workers, working adults with or without professional qualification and certificates.

By providing quality trainings, this will transform and fulfill their dreams and be a skillful, knowledge individual and also could contribute to their organization in a more professional manner.

### **ORIGIN's programmes are delivered using modern, yet time-proven training method.**

Our professional consultants offer field-specific business expertise to assist our clients recognizes the outcomes in every aspect of business processes. Therefore, we work watchfully with our clients not only to find solutions to their complex business problems, but we also make sure that the solutions work for them individually.

### **OUR METHODOLOGY**

We provide intensive preparatory course and mentoring sessions for all clients who have been trained by us. Moreover, to provide feedback on the studies quickly and accurately, we also provide training chat, discussion boards and daily training emails through our online mentoring.

We help our clients fully prepared to any certification through practice test questions. This will make our clients familiar with various types of questions while strengthens the information learned.

To evaluate our client's knowledge at the start and end of a session, we will give a skill valuations form to the participants to evaluate the amount of knowledge and effectiveness gained from our training sessions.
